Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Monday 12 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy and wet, with some heavy showers possible later.

Today:
Cloudy and wet, with outbreaks of rain through much of the day. A few heavier showers could also develop in the afternoon. Low cloud causing foggy conditions over upland areas. Maximum temperature 19 deg C (66 deg F).

Tonight:
Showers ease through the evening, leaving a largely dry night. Clear spells will develop as cloud breaks up through the early hours. Mild in the south. Minimum temperature 12 deg C (54 deg F).

Tuesday:
Starting off dry on Tuesday with some sunny spells. Patchy cloud and showers developing through the afternoon, with the odd heavier one possible. Becoming dry overnight. Maximum temperature 23 deg C (73 deg F).

Outlook for Wednesday to Friday:
Mostly dry with many sunny spells. Slightly cloudier on Thursday, with a little drizzle possible early on in coastal areas. Gradually warming through this period.
